Certified Award Amendment

to Claimant [REDACTED]¹

in re Accounts of Josefine Winter

Claim Number: 224228/RS²

Original Award Amount: 181,680.00 Swiss Francs

Award Amendment Amount: 3,147,226.75 Swiss Francs

This Certified Award Amendment is based upon the claim of [REDACTED], née [REDACTED], (the “Claimant”) to the published accounts of Josefine Winter (the “Account Owner”), at the Zurich branch of [REDACTED] (the “Bank”).

All award amendments are published, but where a claimant has requested confidentiality, as in this case, the names of the claimant, any relatives of the claimant other than the account owner, and the bank have been redacted.

Procedural History

On 26 November 2002, the Court approved an Award to the Claimant for a custody account and one demand deposit account owned by the Account Owner (the “November 2002 Award”). At the time of that award, the bank records then available to the CRT did not contain information regarding the value of the awarded custody account. However, the Bank recently made available to the CRT additional information about this account, including detailed documentation on the portfolios held in the account. In this Award Amendment, the CRT adopts and amends its findings set out in the November 2002 Award based upon this additional information recently forwarded to the CRT by the Bank.

¹ On 26 November 2002, the Court approved an award to Claimant [REDACTED] (the “Claimant”) for the accounts of Josefine Winter (the “November 2002 Award”), which is the subject of this Award Amendment.

² The Claimant submitted nine additional claims, which are registered under the Claim Numbers 224073, 224236, 402055, 224045, 224068, 224126, 224229, 224215, and 224219. The CRT treated the claim to the account of Robert Winter in a separate decision. See *in re Account of Robert Winter* (approved on 19 July 2007). In determinations dated 9 October 2007, 23 January 2008, and 18 April 2008, the CRT treated the Claimant’s claims numbered 224045, 224068, 224126, and 224219. The CRT will treat the Claimant’s remaining claims in separate determinations.

The November 2002 Award

In the November 2002 Award, the CRT determined that the Account Owner owned one custody account and one demand deposit account. The CRT further determined that the Claimant plausibly identified the Account Owner, that she plausibly demonstrated that she is related to the Account Owner, and that she made a plausible showing that the Account Owner was a Victim of Nazi Persecution. Additionally, the CRT determined that it is plausible that the Account Owner did not receive the proceeds of her custody account and demand deposit account and that the Claimant was solely entitled to the entire award amount.

Finally, the CRT determined that the Bank's record did not indicate the value of the custody account, and therefore presumed that the value of the custody account was 13,000.00 Swiss Francs ("SF").

Information Available in the Bank's Records

As detailed in the November 2002 Award, the Bank's record indicates the name and city of residence of the Account Owner, and indicates that she was married. The record indicates that the Account Owner held one custody account, which was closed on 11 August 1938, and one demand deposit account, which was closed on 20 August 1938.

As noted above, the Bank recently provided the CRT with additional documents regarding the custody account. These documents contained a custody account identification card ("*Leitkarte*") and custody account portfolio holding cards ("*Depotvalorenkarten*") for each security held within the custody account.

These documents indicate that at the time when the Account Owner was deemed to have lost control over the account, it contained the following securities:

The CRT’s Analysis

Basis for the Award Amendment

The CRT has determined that an Award Amendment may be made in favor of the Claimant. The CRT previously determined in the November 2002 Award that the claim is admissible in accordance with Article 18 of the Rules Governing the Claims Resolution Process, as amended

(the “Rules”), that the Claimant has plausibly demonstrated that she is related to the Account Owner, and that it is plausible that neither the Account Owner nor her heirs received the proceeds of her accounts.

Value of the accounts in the November 2002 Award

In the November 2002 Award, the Account Owner held one custody account and one demand deposit account. The value of the demand deposit account remains unaffected.

Pursuant to Article 29 of the Rules, when the value of an account is unknown, as was the case for the custody account in November 2002, the average value of the same or a similar type of account in 1945 is used to calculate the current value of the account being awarded. Based upon the investigation conducted by the Independent Committee of Eminent Persons (“ICEP” or “ICEP Investigation”), in 1945 the average value of a custody account was SF 13,000.00.

Amount of the Award Amendment

According to the Guidelines for the Valuation of Securities, circulated to the CRT by Special Master Helen B. Junz, as a general rule, the nominal value of bonds not in default shall be awarded if the market value was below the nominal value on the date the account owner is deemed to have lost control over the account. The CRT presumes that the account owner, if able to decide freely, could have opted to hold the respective bond to maturity to avoid a capital loss. The market value of bonds shall be awarded if that value was above the nominal value on the date the account owner is deemed to have lost control over the account. Stocks are valued at market value.

According to the additional information from the Bank, the Account Owner held a custody account with the following securities:

- *3% Schuldverschreibungen der Konversionskasse für deutsche Auslandsschulden (German Funding Bonds) per 1 Januar 1945* with a nominal value of US \$5,000.00. These bonds were in default and trading at 27.75% when sold on 20 April 1938.³ Therefore, these bonds shall be valued at their total market value of US \$1,387.50, which was equivalent to SF 6,063.38;⁴
- *3 Nestlé & Anglo-Swiss Holding Company Ltd.* shares each with a nominal value of SF 700.00, with accompanying shares of *Unilac* each with a nominal value of US \$12.00, each combined share having a market value on 6 April 1938 of SF 1,162.00, for a total market value of SF 3,486.00;⁵
- *37 Nestlé & Anglo-Swiss Holding Company Ltd.* shares each with a nominal value of SF 700.00, with accompanying shares of *Unilac* each with a nominal value of US \$12.00,

Since the bonds were of good quality and had market values below the nominal value, the nominal value will be used to determine the value of this asset.
